STOCKS SLUMP

Entire List Runs Off in Drive Against Values, with Gold Exports and Bank Statement as Scares.

BIG WHIRL NEAR THE CLOSE.

Delaware, Lackawanna & Western Loses 19 Points in Move and Sugar and Steel Fall-The Railroads All Weak.

The organized bear contingent in Wall street led a concerted raid on the mar ket at the opening, in an evident effort

to depress prices.

Signs of liquidation at the opening were lacking, and the haste with which the selling was carried on indicated that i behind the movement was a strong bear

Expectation of gold exports next week and an unfavorable bank statement, were the arguments used by the bears. Nearly all the prominent stocks were sold heavily, and the declines were about the same in all of them.

In the rush of early selling Tennesse Coal and Iron lost 2 per cent, on three quotations. Reading declined a point before the pool steadled it.

Quick Decline in Steel. Liquidation in Steel common, which

was heavy at the start, caused a quick decline of over a point in the preferred stock, the latter going as low as 84 7-8. American Sugar was again the storm pivot of the opposing factions in the Sugar war. It sold below 115 and was made heavier by the announcement of another cut of 10 points in the commercial price of granulated sugar. . Without exception the railroad stocks

were weaker. Missouri Pacific held firmer than the majority of the group, but it, too, sustained losses of over a Delaware & Hudson, Lackawanna &

Western and others of the closely-held high-priced issues sustained losses of from 5 to 10 points each in the first Union Pacific, Southern Pacific, Atchi-

son, St. Paul and Canadian Pacific were lost \$2,190,000 yesterday, and after the all notably weak. They sold off from 1 to 2 poins under the heavy selling pressure of the first hour.

Western Men Sell.

After the first ten minutes it was geen that most of the heavy selling orders came from Chicago. The Western

ders came from Chicago. The Western group led the attack and sold heavily in nearly all the issues.

A selling order for 6,000 shares of United States Steel preferred at the opening, which came from the Western crowd, sent the price down to 84 7-8 before any buying orders reached the market.

A sell of 250 shares of Delaware, Lackawanna and Western at a decline of 19 points caused considerable com-

of 19 points caused considerable comment. This was the sensational decline

The selling pressure was aggravated by the apeparance of the bank statement. Heavy blocks of various stocks were thrown over with some appeare of diorder, giving rise to rumors of financial difficulties. The break in Reading reached 43-8, St. Paul 31-2, Reading reached 43-8, St. Paul 31-2, and in many important standard stocks from 2 to 3. Delaware and Hudson dropped 71-2 and Hocking Valley 4.

Room traders put out short contracts freely on the decline, and their buying railied Sugar to yesterday's level and caused recoveries of a point in other leading stocks. The selling was renewed at the recovery and the closing was active and weak.

EXPRESS COMPANIES LIABLE

Supreme Court Says Liability Is Not Limited by \$50 Clause. A decision of great importance, con-

cerning the liability of express companles for goods lost whilst in their custody, was rendered by the Appellate Division of the Supreme Court to-day. The Court decided that the declaration printed upon the receipt that the comprinted upon the receipt that the com-pany would not be liable for more than \$50 did not prevent Jacob C. Simon from recovering \$250 from the Dunlap Express Company for the loss of a pair of lace curtains. The principle laid down by Justice Maclean was that the clause in question did not protect the company against its own negligance.

There was nothing in early news this morning to promote material change in any grain market. Wheat started at last night's prices and corn a shade

under.

New York's opening prices were:

Wheat—May, 77 7-8 bid; December, 78 5-8.

Corn—December, 55 3-8 to 55 1-2.

Chicago's opening prices were:

Wheat

May, 73 3-4 to 73 5-8; December, 71 3-4

to 71 1-2: Corn—May, 42 8-8 to 48 1-4;

December, 51 to 50 7-8; January, 43 5-8.

Makers of Tubes to Feel the Full

The United States Steel Corporation, which heretofore has pursued a conciliatory policy toward its business competitors, is to inaugurate a new de-

petitors, is to inaugurate a new departure.

Henceforth it will war on the independent companies which have been raising the prices of finished products to the trade.

Its first contest will be with the products of steel tubes. It has already announced a reduction in the price of this production and will make more important reductions as the fight grows warmer.

Some of the tubing mills claim that the war started on them means their extermination, but officials of the Steel Trust say otherwise.

A director of the Steel Trust said: "We don't claim to control the market in any of the finished forms of iron and steel. We hold that the independents were the first to break the price list, and to protect our customrs we cut the prices."
